Local Interest in Arson Trial—Archie Cotton Shoots Eight Pound Rabbit—Pamas-Wilhelm Wedding—Watch 83 Years Old Keeps Good Time.

This morning the eyes of the people will again turn toward Willimantic, where the trial of Attorney Frank E. Howarth will be resumed. So anxious are the people here to know what the outcome will be that they can barely wait the jury's decision, which may not be given this week, as the state has not finished its side of the case and the whole of the defense is yet to be put in. The arguments of the attorneys will also require considerable time.

No trial in memory has created the interest in Putnam that the Howarth case has produced. It is almost exclusively the topic of conversation where persons gathered have time to talk. Almost everyone is absorbed with the matter and every feature of the case is discussed from every conceivable angle. The evidence, piece by piece, is reviewed and discussed ad infinitum.

Another delegation of Putnam people will leave for Willimantic this morning to be at the trial and there is no indication that there will be any abatement of interest until the final word has been said in court.

Shot Eight Pound Rabbit. Archie Cotton went hunting on the Wheaton land south of the city Monday and as one of the trophies of the day in the woods brought in one of the largest gray rabbits ever shot in this section. The animal weighed about 8 pounds and was as large as a young fox. It was more like a hare than the ordinary rabbit to be found in this territory and when Mr. Cotton picked it up he was amazed at the size of it. In talking about his skill later in the afternoon he said that in comparison to another rabbit of good size that he had shot on the hunt the big one made it look like a kitten.

Game with Webster Friday Afternoon. When Webster High school's basketball team comes here to play the Putnam high school team Friday afternoon the locals will line up as follows: Fuller and Cascoigne, forwards; Levine, centre; Maher and Purinton, guards. The substitutes available for the game are Heath, Allard, Lowe, Massens, Davis. This makes a strong combination and one that the supporters of the local team believe will win.

A new feature in connection with the game is a dance to be held at 8 high school, for pure fun. During the afternoon and these dances may become one of the adjunct features with the basketball games of the season.

Plans are being made for a play to be given later by members of the school.

Has Watch Sold 83 Years Ago. George E. Shaw has in his possession a watch that was sold 83 years ago by his uncle, Edward Shaw, to Mrs. William T. Hilds. This is believed to be one of the first watches sold by Mr. Shaw. It is of silver and antique design, being of the "bull's-eye" type, but is keeping good time and is cherished by Mr. Shaw as a very valuable souvenir.

Top Dressing Spread. All the top dressing had been spread over the new street work being done Monday at Bugbee's corner and present appearance is that the work will be completed this week, as only the rolling remains to be done in that section. The end of this week will see nearly all of the amble work that is to be done this fall completed and the streets in the business section cleared up again after being torn up for more than two months.

City Gets in Movies. At the Bradley theatre at the shows Monday afternoon and evening a reel of pictures, "The Man in Motion," was shown. Pamas, manager of Smith's cafe, were married by Rabbi Nathan Oblitz. The bride couple was attended by Mr. and Mrs. Cohen. The bride wore white lace over a slip of white messaline. About 50 guests were present for the

wedding and the reception that followed. Among those in attendance were Samuel Smith of Willimantic, Miss Jennie Goldberg and A. Snyder of Providence. The bride received many beautiful gifts.

Mr. and Mrs. Pamas left Monday evening for their wedding trip, after which they will return here.

Dead Boy's Parents Sue Agricultural Society. Attorney Ernest C. Morse, in the interest of the boy's parents, has brought suit against the Woodstock Agricultural society for \$10,000 on account of the accident in which George Bernier, Jr., of Mechanicville lost his life. The boy was carried into the air by a balloon on the second day of this year's fair. Young Bernier became entangled in a guy rope and was carried to a height of 400 feet before he became released and dropped to the ground, being instantly killed. In the Blackstone, Mass., town court Monday, Weymouth Goullick of Putnam was charged by Anna Tomassek of East Douglas with assault on her Nov. 8, at East Douglas. She told the court he struck her in the face because she would not dance with him. She had another man she was dancing with at the time at a dance in East Douglas. Another woman corroborated her story.

The prisoner admitted the slapping and said he did it because he was bashful at her refusal before the party to dance with him and it made him feel bad. He was fined \$10.

Simple Home Treatment For Superfluous Hairs (Beauty Culture.)

A very effective and simple home treatment for superfluous hairs is as follows: Mix into a paste enough powdered delatone and water to cover the hairy surface, apply and after 2 or 3 minutes rub off, wash the skin and every trace of hair has disappeared. This method is devoid of pain or danger and leaves the skin free from spots or blemish. Best results invariably follow when the delatone is purchased in an original package because its strength and purity are then assured.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP—25 CENT DANDERINE

GIRLS! GIRLS! SAVE YOUR HAIR! MAKE IT GROW LUXURIANT AND BEAUTIFUL.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a

feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy, or too oily, get a 25 cent bottle of Knowlton's Danderine. Apply and after 2 or 3 minutes rub off, wash the skin and every trace of hair has disappeared. This method is devoid of pain or danger and leaves the skin free from spots or blemish. Best results invariably follow when the delatone is purchased in an original package because its strength and purity are then assured.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

York parties, and figures have been sent out on other contracts.
